

# UP SIR gets fourth extension; voter list to be published in Apr

**NEW DELHI:** The Election Commission of India (ECI) on Friday extended by a month the deadline for filing claims and objections in the ongoing Special Intensive Revision (SIR) of electoral rolls in Uttar Pradesh (UP).

This is the fourth extension given during the SIR process in India's most populous state, where nearly every fifth voter is facing the risk of deletion from the rolls. About 32.6 million hearings are scheduled. Uttar Pradesh goes to the polls in early 2027.

In West Bengal, two extensions have been given till now. Tamil Nadu and Kerala have also been given one extension each. All three states began their SIR process alongside UP and will go to the polls this summer.

ECI's announcement on Friday allowed electors till March 6 to seek inclusion, correction or deletion of names. This extension revised the earlier February 6 cut-off and followed a formal request from the Chief Electoral Officer (CEO) of UP

Navdeep Rinwa. "The decision was taken to ensure wider public participation and improve the accuracy of the rolls in the country's most populous state," ECI said in a statement.

Meanwhile Rinwa said: "On the request of the political parties a proposal was sent to the ECI to extend the dates of the claim and objection phase as well as the notice phase. The ECI has considered the request and revised the schedules of both the phases."

In UP, the revised schedule now provides for disposal of claims and objections by March 27, checking of roll health parameters by April 3 and final publication of the electoral rolls on April 10. ECI has directed wide publicity of the revised timeline, reiterating that SIR is aimed at strengthening electoral integrity and inclusiveness rather than excluding eligible voters. Among 32.6 million voters, notices have been generated for 23.7 million voters and booth level officers (BLOs) have handed over notices to 8.63 million voters. The ECI has completed hearings for 3.03 million

that time, the draft roll was to be published on December 9.

However, the deadline was extended on November 30 after district election officials reported delays in field-level verification and collection of data from voters. The first extension pushed the enumeration deadline by one week to December 11 and the draft roll publication on December 16.

Officials cited the need for additional time to verify records related to deceased voters, those who had permanently shifted residence and those found to be registered at multiple locations. Following this, a second extension was granted on December 11, extending the enumeration and form submission process until December 26. This also resulted in the postponement of the draft electoral roll publication from the earlier proposed date to December 31. Then on December 30, the third extension was granted which said the draft rolls would be out on January 6 and the period for receiving claims and objections would be from January 6 to February 6. Friday marked the fourth such

announcement.

The UP draft roll dropped the names of 28.9 million people, marking the highest percentage of deletions among major states where the controversial exercise has been conducted. The roll listed 154.4 million voters, down from 154.4 million voters in the roll published on October 27, 2025, after the special summary revision – a shrinking of 18.7%. This number was lower than the size of the electorate in the 2024 and 2019 Lok Sabha polls in the state, and the 2017 and 2022 assembly polls.

Later, in Ghaziabad, Balrampur, Kannur Nagar, and Meerut districts saw the highest deletions as a share of electors as on October 27. These districts saw 30%, 28.8%, 26%, 25.5%, and 24.7% names deleted from the rolls, respectively. The lowest deletions were seen in Lalitpur, Hamirpur, Mahoba, Banda, and Jyotiba Phule Nagar, which saw 10%, 10.8%, 12.4%, 13%, 13.2% deletions, respectively.

The SIR in Uttar Pradesh is important because the percentage of deletions is the highest among the major states.

India captain Suryakumar Yadav, on the eve of the game, recollects playing with them. "Even though they are playing from other countries, it's a good opportunity for them. I have played a lot of cricket with them."

"I have played with a lot of them, actually," Harmeet said. "All the players from Mumbai - Rohit (Sharma), Suryakumar Yadav, Shivan Dubey than Sanju (Samson), Kuldeep (Yadav), Axar (Patel) and I were in the India U19 team together."

Harmeet believes all three of them could well have been on the other side of the line-up, wearing the India colours. In terms of talent, he believes they were as good as anybody. They journey was defined by them."

"It's a bit about destiny. Suryakumar and Shreyas Iyer got good runs, they became international players. It's not that Shubham and I were not good enough. Everyone is working equally hard. There's so much talent in Mumbai. Apart from

who got the chances at the right time and who missed out. Harmeet is an India Under-19 World Cup winner in 2012. Along with Netralkar, he also played the 2010 U19 edition where the left-arm pacer was the top wicket-taker for India.

"Netralkar and I have been playing together since our school cricket days. With Ranjane, since the U19 days. He first played for Maharashtra and then came to Mumbai (playing club cricket) for DV Patil together, and Ranji Trophy. In battoing also, we go next to each other, and know each other's game," Harmeet said.

the 15 who are playing, there are 50 more players who are equal to or as good, but you have to get the opportunity.

"When the India players, especially from Mumbai, come to play in the USA, they make so many runs. Compared to a player from other countries who have played 100 or 50 first-class games, the Mumbai batsmen come and simply dominate. That's what Ranjane has done. He got the opportunity here, he chased it. Because we were deprived of so many opportunities, when we get it, we jump on it," added Harmeet, who now resides in the same neighbourhood as Ranjane in Houston.

Harmeet and Netralkar played in the last T20 World Cup co-hosted by the US. This is Ranjane's first World Cup. The three have shaped up nicely for the tournament with good showing in the two warm-ups.

In the 2024 edition, USA made headlines for making the Super Eights through some stellar performances in the group stage, which included a Super Over win against former champions Pakistan. USA have impressed in the two warm-up games. They will fancy their chances for an upset win again. Big guns in their group, including India and Pakistan, will certainly not take them lightly.
