# India, Canada set for talks next week after ties 'reset'

**NEW DELHI/TORONTO:** India and Canada are set to hold their first talks next week after last month's agreement to reset their relationship following a prolonged row over the killing of a Khalistani separatist, with discussions expected to focus on security cooperation and upgrading diplomatic ties, people familiar with the matter said.

Canada's assistant deputy minister (Indo-Pacific) Weldon Epp is expected to travel to New Delhi for meetings with his Indian counterparts during the first leg of the visit to the Canadian Rockies, last month. The two leaders agreed on "calibrated and constructive" steps to restore stability to ties, and Epp will be the first senior Canadian official to travel to India since that reset. He is also expected to attend ASEAN-related meetings in Malaysia for talks with additional secretary (Americas) K Nogueira Naito.

"The details of what Epp's visit will set the parameters for future engagements and set the stage for addressing the concerns of both sides," one of the people cited above said.

Bilateral ties cratered when former Indian foreign minister Justin Trudeau alleged in September 2023 that Indian government agents were linked to the murder of Khalistani separatist Harsimrat Singh Nijjar. India dismissed the charge as 'absurd' and both sides paused talks on a trade deal, downgraded diplomatic relations and expelled dozens of each other's diplomats.

The decision to reset the relationship was made when Prime Minister Narendra Modi met his Canadian counterpart Mark Carney on the sidelines of the G7 Summit in Kanagawa, Japan, in June. The two leaders agreed to move forward with the process of rebuilding relations and putting in place measures to address the issues and concerns of the two countries, people from both sides said on condition of anonymity.

Epp's agenda will include discussions with Indian counterparts to put a concrete timeline for bilateral working groups, people said for the first time since the people.

The group was expected to meet in spring last year but this never materialised as diplomatic sources worsened.

The Indian side is expected to tell its counterparts about Canadian-led criminal investigations and their involvement in a range of criminal activities, the people said. The Canadian side is likely to raise the issue of increasing the number of Canadian diplomats in India, significantly reduced during the Modi tenure.

The two sides are also in the process of posting new high commissioners in each other's capital in line with a decision made at the meeting between Modi and Carney. India's ambassador to Spain, Dinesh Patnaik, is expected to be posted to Kuala Lumpur, and the Canadian secretary (Americas) K Nogueira Naito.

The incident, which took place in Jamnagarh village of Rayagada district a week ago, came to light on Friday when

commissioner is expected to be Christopher Cootier, currently in charge of affairs in Israel, the people said.

Both of diplomats have been精力 in principle though a formal announcement is yet to be made. The postings are expected to occur by the end of August.

Canada hasn't had a posting in Navagam since last summer when Cameron Mackay left the post. New Delhi withdraws his high commissioner to Ottawa. Sanjana Verma, along with five other officials, has October after Canadian authorities sought to have him removed in clation to the member of Nigerian terrorist, India's top diplomat, Naseem Ali, in 2021.

Under Indian law, consanguineous marriages (marriages

between close relatives) are legal under certain conditions, but they are also subject to restrictions, particularly under the Hindu Marriage Act. The Hindu Marriage Act generally prohibits marriages between individuals considered "saptapadi" relatives, which includes close relatives like first cousins.

Rayagada SP Swathy S Kumar said a probe has been launched.

"We have sent a team to the village to probe the incident," said the SP. A case is yet to be filed in this regard.

'LET US STAND FIRM AGAINST VIOLENCE': KAPIL SHARMA'S CAFE AFTER FIRING

**TORONTO/MUMBAI:** Let's stand firm against violence, and ensure Kapil's Cafe remains a place of warmth and community, asserted Kapil Sharma, who fired an employee at his restaurant in Canada's Surrey, on Friday after shots were fired at the restaurant in Canada's Surrey.

"We opened Kapil's Cafe with hopes of bringing warmth, community and joy through delicious coffee and the community that have violence intersect with that dream is heartbreaking. We are processing this shock but we are not giving up," the star said in its statement.

It added: "Let's stand firm against violence and ensure Kapil's Cafe remains a place of warmth and community."

The Surrey Police Service said they were informed about the incident at 150am local time on Thursday. It said that "while staff members were still present inside the cafe, they "had no choice but to leave the premises at the best of their knowledge."

The investigation is continuing and connections to other incidents and potential motives are being examined. There is currently no suspect information available to share."

The Mumbai police on Friday

informed Sharma's residence in Oshiwara area.

**'Will not pay for CISF at Bhakra': Pb revives row**

**CHANDIGARH:** The Punjab assembly on Friday passed a resolution against the deployment of CISF personnel at the Bhakra-Nangal dam, saying that the state police has been duly protecting the installations for the last 70 years, and refused to bear the financial costs arising from such deployment.

The resolution, moved by water resources minister Barinder Singh Koyal during the special session of the assembly, was passed amid heated exchanges between the minister and the opposition Congress. After the resolution, Punjab had re-examined the issue of deployment of CISF and already conveyed to the BBMB on May 27 and July 4, expressing strong reservations against the deployment of CISF at the dam.

It was understood that the BBMB is contemplating to go ahead with the deployment of CISF despite strong reservations by the state of Punjab.

In the last meeting of the BBMB on June 16, 2023, Punjab had raised its objection very strongly.

It stated that the installations of the BBMB have been duly protected over the last almost 70 years by Punjab Police. No such incident has ever come to the notice of the state during this period.

He added that on June 25, he posted the video on X criticising the actions of the Punjab Vigilance Bureau officials. He also highlighted similar misconduct by the BBMB.

The state police posted at the

installations is well versed with the local conditions and have been serving the projects for last so many years. As regards deployment, Punjab Police is well experienced in dealing with such installations.

Further, Punjab Police has been facing such situations at the borders also. The force is as professional as any other force in the country," it said.

The debate turned confrontational when MLAs from the leader of opposition Partap Singh Bajwa accused the government of "double standards."

Bajwa questioned why Punjab Police was deemed sufficient for dam security but not for other sensitive locations like the Vidhan Sabha itself, which remains under central protection.

**2 PB MINISTERS BOOKED OVER 'DOCTORED VIDEO' OF BAJWA**

HT Correspondent  
letters@hinduntimes.com

**CHANDIGARH:** The cyber crime cell of Chandigarh Police registered a case against Punjab cabinet ministers Harpal Singh Cheema and Aman Singh for a day for allegedly circulating a doctored video of Leader of Opposition in Punjab Partap Singh Bajwa.

According to the FIR, the case was registered under BNS Sections 336(4) (forgery), 350 (destruction) and 61(2)(c) (spurious). Bajwa is alleged that the 3:48-minute video was doctored by the ministers in a way that showed him supporting arrested Shironam Balbir Lalit bairkar Singh Majithia.

Initially, it was registered against Bajwa by the

Punjab Vigilance Bureau. His wife, Ganiswar Kaur, is an MLA.

In blatant violation of the law, officials from the Punjab Vigilance Bureau entered her home and even went into her bedroom. Such conduct is unacceptable and contrary to the law, Bajwa said.

He added that on June 25, he posted the video on X criticising the actions of the Punjab Vigilance Bureau officials. He also highlighted similar misconduct by the BBMB.

Bajwa alleged that the AAP's official social media accounts on X and Facebook edited his video to remove references to Ganiswar Kaur and her position as a women's legislator. This demonstrated bad faith, he claimed. "It is suggested that I supported Majithia... AAP leaders began sharing these altered videos on their official X accounts and circulating them on social media, implying that Ganiswar Kaur was supporting those who were attempting to cover up the investigation," his complaint read.

"I was defamed, maligned, and falsely shown as supporting individuals under prosecution... whereas my actual concern pertaining to manner of arrest and conduct of Punjab Vigilance Bureau was concealed and edited," he said in the statement.
