

HC: Live-ins against middle class norms

Prayagraj: Live-in relationships are against Indian middle-class values. Allahabad high court has observed while granting bail to a suspect accused of sexually exploiting a woman on false promise of marriage, reported **Rajesh Kumar Pandey**.

Passing the order June 24, a single-judge bench of Justice Siddharth expressed concern at the growing number of such cases. "Since live-in-relationship has been legalised by the apex court, such cases are coming because the concept of live-in-relationship is against settled law in Indian middle-class society," Justice Siddharth said.

Standardised AC settings unlikely to materialise anytime soon: Yadav

TIMES NEWS NETWORK

Union environment minister
Bhupender Yadav

New Delhi: Union environment minister Bhupender Yadav on Friday said govt is unlikely to implement standardised AC temperature agenda anytime soon, given global convention and provisions of international cooling action plan.

"We are bound by global conventions. India has given a design for the international cooling action plan that has provisions for legislative amendments and technological changes. So, such a situation (standardised settings) may arise only after 2025," the Union minister said.

"Whenever you talk about a climate target, you have to set it keeping in view national circumstances... We also have to ensure energy access and a certain life-

style for our people. We have to take a balanced approach," he added.

The minister was responding to questions during a conversation at the second edition of the Times Network India Climate Summit, presented by Adani and powered by Mahavitaran.

The question on standardised AC settings was asked against the backdrop of recent reports of govt moving to set an AC temperature range of 20-28 degrees Celsius, to save electricity and re-

duce emissions.

Union minister Manohar Lal Khattar had recently said ACs in India will soon be required to operate within a fixed range of 20-28°C degrees Celsius, with temperatures below or above this band being prohibited.

According to Bureau of Energy Efficiency (BEE), raising AC temperature by just one degree Celsius can save about 6% electricity.

Responding to questions on climate actions during the conversation, Yadav stressed that India has always been a part of the solution, not the problem. It is the developed nations that have historically contributed the most to global emissions and, therefore, they must take responsibility and support developing countries with finance for measures against climate change.

Navy must be ready for new normal: Admiral

New Delhi: India's new approach to treat any act of terror as an act of war has added a new dimension to the Navy's operational outlook after the conduct of Operation Sindoora against Pakistan, Admiral Dinesh K Tripathi said. "We must be prepared for this new normal," the Navy chief said. Over 35 Indian warships and submarines were forward deployed against Pakistan in the northern Arabian Sea.

Poor Cibil score costs TN man bank job; HC upholds decision

Says Public Money Should Be Handled Efficiently & With Discipline

Sureshkumar.k
@timesofindia.com

The Madras high court termed the decision taken by the bank 'prudent'

that candidates with records of default in repayment of loans, adverse reports by Cibil or other external agencies were not eligible for appointment.

Since the petitioner gave a false declaration, his appointment was cancelled, SBI counsel C Mohan said.

The petitioner's Cibil report revealed an adverse credit history in repayment of loans and credit card usage, and therefore the petitioner was found ineligible under Clause 1(E) of the eligibility criteria, he added.

Concurring with the submissions, the court dismissed the petition.

The petitioner's Cibil report revealed an adverse credit history in repayment of loans and credit card usage, and therefore he was found to be ineligible for appointment, said SBI's counsel C Mohan.

Two drown in UP meat factory's 'blood tank'

Mohammad.Dilshad
@timesofindia.com

25, and Asif Ahmed, 30, were residents of Aligarh. They were preparing to retire for the day when their supervisor called them around 9pm, asking them to go to the factory located in Roravar police station area. While they were cleaning, they accidentally fell into the tank filled with blood and lost consciousness. They were rushed to hospital, where doctors declared them

dead on arrival.

On Friday morning, informing us that he was admitted to hospital. When we reached the hospital, we were told that he had died," said Khushboo.

Asif's spouse, Boby, said, "The labour contractor promised to pay Rs 300 if my husband went to the factory at night. I came to know about his death in the morning. We want justice."
